Some of the MOST ACCLAIMED AUTHORS on the MYRID OF SUBJECTS covered by this book ARE NOT VERY FORTHCOMING with information instructions. They are authors who KNOW their subject, but seem reluctant to pass that knowledge on to their readers. SUCH IS NOT THE CASE WITH MARSHA MICHLER (another very generous author, Di van Niekerk-"A Perfect World of Ribbon Embroidery"+10 other EM books. Di also keeps on giving tips instructions to her readers through her Facebook page: DivanNiekerk SRE. YOU CANNOT GO WRONG WITH THESE TWO AUTHORS! This complete resource for embellished quilting provides techniques for patchwork, applique, and embroidery. Contains a history of the craft as well as material information, a technique encyclopedia, and an inspirational gallery of photos.

From Library Journal This is, indeed, a complete resource for both the beginning and intermediate quilter wishing to indulge in crazy quilting, that 19th-century amalgam of patchwork, applique, and embroidery that is enjoying renewed popularity today. Michler takes the reader step by step through the creation of a crazy quilt and in the process teaches four different piecing methods, 15 embellishments, and more than 1000 embroidery stitch variations. Stitches are divided into broad groups and include stitch diagrams, color photos, and suggestions for use. Highly recommended for public libraries. Copyright 1999 Reed Business Information, Inc.
