**Leo R. Schidlof : The Miniature in Europe in the 16th, 17th, 18th, and 19th Centuries (4 volume set)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Miniature in Europe in the 16th, 17th, 18th, and 19th Centuries (4 volume set):

The standard work on European portrait miniatures. The text volumes, I and II, have 1083 pages. The plate volumes, III and IV, have 641 plates printed on one side only, most in blackwhite, a few in color.
