Had it beforeBy PamelaI had this book before and misplaced it over several moves so I was so glad to be able to find someone that had it. It took a month to get it though--must have come by snail mail. Not acceptable from sellers.0 of 5 people found the following review helpful. The Needlepoint bookBy ccubedNot what I was looking for. Looking for Belt needlepoint patterns. Only patterns, not stitches.Had a spiral book and lost it. Don't know the author.

The "Needlepoint Book" has been considered a classic since its publication more than 20 years ago. As its title implies it has 303 stitches with patterns and projects, appreciated by novice needle-pointers and the more advanced practitioners.
