Remember when....By Richard DzwonkiewiczComprehensive guide to the comics and a great reminder of the past I enjoyed. A gorgeous compilation of 20th Century Art!By Stephen CassI was amazed at the scope of this book, every cover from 1935-1965, and the labor that must have gone into compiling and producing it. Its extremely well photographed, carefully indexed, and the quality of paper and binding is excellent. For serious comic book collectors, it's worth every penny. A lifetime book.
