I was amazed at the tips and information I got from this book. Mind you I have made wedding gowns, men's suits, vests, ties, shirts, blouses, all my four kids clothes till I had to go to work, my own handbags from my patterns, baby baptismal gowns and bonnets, my clothes and so on and still found tips in this book to help me with my quilting. I am 65 years young and I am still learning with an open mind. Many quilt designs and how to do it. I am satisfied with my book and it's a keeper in my library.0 of 0 people found the following review

helpful. this book has wonderful information. By Kindle nancy If you are a quilter, this book has wonderful information. 0 of 0 people found the following review helpful. Five Stars By Cathy A Campbell Thank you, just as described.

This is the one reference every quilter needs. Its 352 pages and 1,000 photographs cover every aspect of machine quilting. Sections include quilt basics, block-pieced quilts, applique quilts, special piecing methods, embellishing quilts, and a sampler quilt with related projects. Quilters from beginners to the skilled will turn to this book again and again. Revised with new photography and updated content to be more complete, this is the only reference machine quilters will need.
