Selena LaPorte : The Stuff That Fun Is Made Of: A Comprehensive Collection of Recipes for Play Learning

before purchasing it in order to gage whether or not it would be worth my time, and all praised The Stuff That Fun Is Made Of: A Comprehensive Collection of Recipes for Play Learning:

0 of 0 people found the following review helpful. Thankful someone put this in book!By Meredith BariI haven't actually made any of the recipes in this yet, but plan to start this afternoon. I love how comprehensive it is, yet all the recipes seem so simple and many made with common household items. I always wanted to know how to make these things yet didn't know how! Now I can!1 of 1 people found the following review helpful. Fun Stuff!By L. C. HozakI really like this book. I borrowed it from my sister-in-law first and wanted to copy so many pages, it just made more sense to buy the book. I have made some of the play dough and have just bought the ingredients to make some sparkle

glue. The only thing is I'm not sure what to put the glue in when it's done.

This comprehensive collection of recipes and related activities will provide you and the kids in your home, school, or group with endless opportunities for creative learning and just plain fun. *The Stuff That Fun Is Made Of* combines suggestions for more than 100 arts and crafts projects and learning activities with directions for completing them using everyday household ingredients. Whether you're looking for the perfect modeling dough for a school map project, creative way to teach the alphabet, or a safe and easy end to boredom, this book brings simple and economical solutions right to your kitchen counter. More than 90 thoroughly tested recipes...uncooked play doughs, cooked play doughs, relief map doughs, brush paints, edible play doughs and finger paints, bubbles, paper-mache, finger paints, face paints, pastes and glues, sand concoctions, and much more!

About the Author Selena LaPorte lives in Washington state with her husband and two sons. As a preschool teacher who loved to challenge her students with sticky, messy projects, she saw the need for one comprehensive book of recipes for the stuff that makes learning fun. This book is the result of her extensive research and thorough testing.
