**Lindsey Philpott : The Ultimate Book of Decorative Knots** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Ultimate Book of Decorative Knots:

9 of 9 people found the following review helpful. A Knotter's delight  
By patriksFirst, I am relatively new to the decorative knotting world. That being said, I have accumulated a good sized collection of books already, probably 12-15 in number. So far, I would consider this book a must-have for the decorative knoter. The author covers a remarkable spectrum of knots with excellent pictures and pretty good directions. The book is over 500 pages, so you definitely get your money's worth. There are sections on braids, plaits and sennits, turk's heads, oriental knots, flat decorative knots, combinations of wall and crown knots and more. There are pictures of various projects by expert knotters--some of them amazing--which may inspire you to start on your next project. Although it would be hard for me to get by without Tom Hall's book and the books from Don Burrhus (knottool.com), if I had to have only one knot book, I would pick this one due to the breadth of topics covered.  
Pros: Great price Great pictures, full color Broad

spectrum of knots covered, well organized Knot directions pretty clear Cons: Some pictures could have more contrast in the cord colors to make for easier viewing 0 of 0 people found the following review helpful. Knots can be beautiful By kathleen steele Arrived sooner than expected. Exactly as described by seller what I wanted. Very happy with contents of book. Would recommend this to anyone who has an interest in tying knots for any purpose. 0 of 0 people found the following review helpful. Five Stars By Michelle Great book

All knots are useful, but many can also be very beautiful. Here, Lindsey Philpott sets out to provide the most comprehensive, useful, and attractive book of decorative knots from around the world. Readers will learn the materials, methods, measurements, and tools needed to tie dozens of beautiful knots. Flat knots, round knots, square knots, covering knots you name it, and this book has it. From braids to plaits to sinnets, here are step-by-step instructions accompanied by full-color photographs for the knot tyers reference. A handy reference book or a beautiful gift, this is an essential addition to every knot enthusiasts library.

...a comprehensive and beautifully presented book, which is really a work of art in itself... Towpath Talk If you like knots, I'm sure you'll absolutely love it. Sailing Today Excellent guide shows how to master the art of knot-tying Nautilus Telegraph A valuable reference book Waterways World About the Author is the president of the Pacific Americas Branch of the International Guild of Knot Tyers. He has provided forensic knot analyses in criminal cases and teaches rigging and rope work.
