**Martha J McDowell : The Ultimate Guide To Soapmaking From Scratch: A Simple Guide to Making Soaps at Home** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Guide To Soapmaking From Scratch: A Simple Guide to Making Soaps at Home:

0 of 0 people found the following review helpful. Easy to read book has a host of information and insightBy

Jeffrey This book was a good introduction to soap making, something I knew nothing about prior to purchasing this book. It talks about how soap works, how different ingredients contribute to the character of the soap, two different ways to make it, and even how to go about packaging your soap. There are quite a few recipes contained within the book, and some interesting ones like Mean Green Exfoliant Soap! The instruction on soap making is very clear and includes warnings of possible issues you could encounter during the soap making process. Very informative and good introduction to soap making. 0 of 0 people found the following review helpful. Great book for anyone that wants softer skin and to save money with soap-making. By Craig Goodwin Great, value-packed guide on making your own soap from home. I didn't realise how simple soap making really is before I read Martha's book. She gives you everything you need to start making your own healthy soaps, from beginner recipes to making your own soap molds and packaging. 0 of 0 people found the following review helpful. Good introduction. By fadi fayad Short book could've been longer would've been perfect.
