It has many drawings and illustrations from his personal work. I tough it had more pages and more Star Wars pictures. But in general its a good catalog of his work.

Illustrator Matt Busch is world-renowned for his artwork for movies, television, comic book covers, and best-selling

"how-to" books. Hermes Press' newest all color art book features Busch's sci-fi images, posters and advertising art from the entire Star Wars universe, the Star Trek universe, as well as art from classic Battlestar Galactica, Stargate SG-1, First Wave, Robocop, The Lord of the Rings trilogy, The Crow, 24 and Lost, to name but a few! This all-new "art exhibition in a book" features book covers, poster art, advertising artwork, comic book covers, and more! Also on display are Busch's good girls, and fantasy art.
