Lynette Jensen : Thimbleberries Classic Country Christmas before purchasing it in order to gage whether or not it would be worth my time, and all praised Thimbleberries Classic Country Christmas:

0 of 0 people found the following review helpful. Five Stars By J. Drake Just what I expected! 1 of 1 people found the following review helpful. Not Really A Quilting Book By Maureen O'connor I own many Thimbleberries Quilting books and this is the first one that I have been disappointed in! To me, it is more a showcase of her home and decorating skills than it is a quilting book. Now I know why this one was not in my collection..... 0 of 0 people found the following review helpful. NOT WORTH IT By JZI wish I had read the reviews before purchasing. I especially wanted the pattern for the quilt that is prominently shown on the book cover only to discover it was simply mentioned as the author's first pattern for Thimbleberries and no pattern was included. There were other quilts shown as well that

didn't include a pattern. Even with directions and patterns given for the other crafts and baked goodies this book was, overall, very disappointing.

Luminaria, stars and hearts ornaments, hydrangea garlands, festive food crafts, gifts from greenery to gum drop trees, Thimbleberries(R) classic country coverlets and quilts combine the best of the old with the new in Lynette Jensen's classic home and family Christmas celebrations. 14 holiday themes such as Santa, stars, gingerbread treats, poinsettias, snowmen, candles, greenery and more 30 Christmas projects including Thimbleberries(R) quilt and pillow patterns Step-by-step how to for painted projects, stenciling, mitten trims, Santa ornaments, glitter boxes Dozens of imaginative tabletop arrangements

About the Author Over 20 years ago, internationally known designer and quilting authority, Lynette Jensen, created Thimbleberries(R). It emerged as a worldwide leader in quilting, sewing, and home decorating. Lynette is a best-selling author who has inspired a generation of dedicated quilters to feather their nests with Thimbleberries(R) fabrics, quilt patterns, and books. Although Lynette closed her design studio in Hutchinson, MN, she continues to be active in the quilting industry, most recently with the release of her latest book, Thimbleberries(R) Scrap Quilts.
