Editors of Threads : Threads Sewing Guide: A Complete Reference from America's Best-Loved Sewing Magazine before purchasing it in order to gauge whether or not it would be worth my time, and all praised Threads Sewing Guide: A Complete Reference from America's Best-Loved Sewing Magazine:

12 of 12 people found the following review helpful. helped me understand techniques better
By Customer I have been sewing based on existing clothes using them as a templates. My finished products can usually pass off as non-home-made. I have little training except for sewing forums and google, and my sewing knowledge expanded tremendously when I read this book! Especially useful was the pattern alteration and fitting sections, which helped me understand why some of my estimated patterns are not as fitting as they should be. This book has given me confidence and inspiration to sew more!

By Elizabeth E. Chute I guess I've been sewing for about 50 years. You name it, I've sewn it. But besides receiving Threads in the mail for years now, when I'm sewing and I want to look something up quickly, I wanted a new resource

since the last one I bought is about 35 years old and there are new materials and invisible zippers now. Well, this book has everything from cleaning your machine to fabric to matching plaid and what needle to use. It even has pictures for putting in an invisible zipper, something I just cannot master. So buy yourself a treat if you sew, and order this book. I've been reading it chapter by chapter in the evenings and it just landed on my bookcase in my sewing room. 0 of 0 people found the following review helpful. GREAT reference and a must have for all sewists! By ShelbyPilot GREAT reference for any and all sewing techniques. I read it from cover to cover and will always keep it handy when I'm sewing.

Readers who love to sew - especially those who know Threads magazine - will have to have this definitive sewing encyclopedia. An incomparable collection of the best sewing information available, Threads Sewing Guide promises to explain, with trademark thoroughness, the full range of garment sewing techniques. Threads Sewing Guide covers all the bases for anyone who delights in sewing: tools (from sewing machines and sergers to pins and needles); materials (fabrics and threads of all kinds); basic sewing (from seams and seam finishes to hand-sewn stitches); garment construction (top to bottom, inside and out); tailoring techniques (for a professional look); even lingerie techniques, pressing tips, embellishments, and much, much more. Without a doubt, this is the complete sewing answer book.

The sewing magazine "Threads" shares its wisdom in "Threads Sewing Guide", a compilation of its best information about sewing. The book is intended for users of all sewing levels. It covers supplies, fabrics, fitting techniques and sewing pointers, from creating a seam to hand-stitching a couture garment. It also contains sections about quick fixes and stain removal, useful information even for people who aren't interested in making their own clothes. "-The Modesto Bee" About the Author As a leading source for all things related to garment sewing, "Threads" magazine is committed to serving sewers of all skill levels and providing the right tools to create functional and fashionable clothing to last a lifetime. Must-have patterns, essential techniques, and expert advice are available at www.threads.com
