**Tone Finnanger : Tilda's Spring Ideas** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tilda's Spring Ideas:

It is one of the best craft books I have ever purchased--I like the fact that the patterns for all the projects are in the back of the book. So far, I have made two (2) of the "garden angel" dolls pictured on the front cover--my next project is the purse that is also in the book!...see the images of my first tilda doll in the "customer images" for this book. I am a home sewer, so I have lots of scrap fabrics lying around just begging to be used--this is a great go-to book for a special gift for someone or, a special gift for yourself!-my next project will be the sewing angel and the purse!!! 0 of 0 people found the following review helpful.
