Has some reads in there and shots love it. Worth owning for any Tunner fan that's been there from start to finish.1 of 1 people found the following review helpful. Well done but it leaves you wanting moreBy Lyle CarbuttThis book shows the art of Micheal Turner while he worked with Top Cow

comics. His artwork is some of the best in comics in my opinion. I bought this book for my wife who is inspired by his work. She has enjoyed it very much. As others have stated it shows a limited amount of his work and leaves you wanting more. It is understandable that some of his artwork is not here and it is still a great book to have if you are a Turner fan. 0 of 0 people found the following review helpful. What a loss By J. Jablonski R.I.P. Michael Turner. If you want to hold some of the most beautiful comic art, and I hesitate to call it that, then check out this book. He was a master artist with a distinctive look and it truly is heart breaking that his genius was cut too short. He will be MISSED.
