Dan Bertalan : Traditional Bowyers of America: The Bowhunting and Bowmaking World of the Nation's Top Crafters of Longbows And Recurves before purchasing it in order to gage whether or not it would be worth my time, and all praised Traditional Bowyers of America: The Bowhunting and Bowmaking World of the Nation's Top Crafters of Longbows And Recurves:

0 of 0 people found the following review helpful. Great book on history of Archary in AmericaBy CustomerBought this book being avid supporter of Traditional Archery. I read this book 13 years ago (checked out from a library. When I started looking for the book again it took me 2 weeks to find it. Wasn't sure of the name of the book until I came across a couple pages I had copied for reference. Recommend it to anyone wanting to know a little bit of history on Archery from hunting methods to bow making methods.0 of 0 people found the following review helpful. Interesting bookBy MwsThis is a good book. It covers many different bow makers and their shooting style. If your interested in traditional bow making and shooting it is worth reading.
