Jim Faraone : Ultimate Fashion Doll Makeovers Tips from the Experts before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Fashion Doll Makeovers Tips from the Experts:

18 of 23 people found the following review helpful. Great addition to your fashion doll customizing library! By CustomerI wouldn't consider this book the 'be all and end all' of it... in other words it's a great supplement to other books available. If it were to be the 'be all and end all' of it, I would expect the title to be "Encyclopedia of Fashion Doll Makeovers" but it's not... it's "Ultimate Fashion Doll Makeovers...Tips from the Experts"... those from novice to professional who are doing great work! Jim does say in his intro he wanted the feel of the book to be like that of his Yahoogroup, Fashion Doll Makeovers, he has achieved that. It makes for feeling right at home with these talented artists and with internet access you can meet them too. There are some very useful tips in here that to me make it a very worth while publication in it's own right. There are 4 other books in his series. I haven't gotten any of them yet.. but it seems that one doesn't replace the others... they are supplemental to one another. And as an artist you have to take bits and pieces of advice and combine it with your own ideas and creativity. Thanks Jim and all the featured

artists, your an inspiration to this novice!20 of 22 people found the following review helpful. Fills a NicheBy Susan JehleThe purchaser should be aware that this isn't really a 'how to' book. It's comprised of postings by members of Jim Faraone's Yahoo group of fashion doll makeover artists, and has a format much like a website bulletin board. It is ABSOLUTELY packed with tips and suggestions and techniques - many with really excellent photos. Its contributors are generous with their time and experience. However, I'm afraid the beginner will find this book overwhelming, since it doesn't present a simple step-by-step approach. It should also be pointed out that the techniques have not necessarily all been 'tested and approved' by the author or any collective group of artists, so it would be unwise to consider this text to be the definitive guide for handling vinyl or hard plastics. I find it to be a worthwhile addition to a larger library, but not a 'handy reference guide' - if that's what you're looking for.3 of 3 people found the following review helpful. blurry photosBy buyerthe book offers very basics, if you have been doing doll customizations, then, you probably have already picked these tricks tips along the way. The photos in the book are so out of focus, they all look blurry, I cant even see one sharp photo in the entire book. it is a shame since its a digital era

With this book, you can transform the ordinary fashion doll or too much loved fashion doll into an object of beauty and style! This new and exciting book from noted author Jim Faraone is filled with tons of tips from professional fashion doll makeover artists. This useful and clever book is compiled form the thousands of tips and suggestions gathered by the author in his around-the-world research via the Internet. The author makes tips easy to execute with step-by-step instructions and photographs of sample creations. Jim Faraone, the author of four best-selling books on fashion doll makeovers, lets you in on all the secrets of making over fashion dolls. 350 color photos.
