**Tracie Lampe : Upcycled Accessories: 25 Projects Using Repurposed Plastic** before purchasing it in order to gage whether or not it would be worth my time, and all praised Upcycled Accessories: 25 Projects Using Repurposed Plastic:

0 of 0 people found the following review helpful. Good ideasBy CustomerThis book does have a few ideas to get you thinking about possibilities. I didn't find most of the projects to be something that I would want to make but I did find the examples of how to fuse the plastic, where to get the plastic and how to work with it to be somewhat useful.0 of 0 people found the following review helpful. Easy way to recycle plastic bags and wrappers.By MJCut projects and clear instructions.1 of 1 people found the following review helpful. fused plasticBy J. B. DianI'd done a little bit of plastic bag fusing but bought this book for more detailed instructions and ideas. I am not disappointed and it will keep me in projects for some time to come.
