From SixthSpring Books : Vogue Knitting Mittens Gloves before purchasing it in order to gage whether or not it would be worth my time, and all praised Vogue Knitting Mittens Gloves:

0 of 0 people found the following review helpful. Women's fashion mittens glovesBy TearoseIf I had seen this book at a store, I probably wouldn't have bought it. There are some beautiful patterns in it, but they are all aimed at women, and are really about fashion with winter warmth as an afterthought. If you like color and adventurous knitting, this is a good book, and many of the patterns are truly lovely. I'm particularly fond of the heavily cabled patterns, and may well use them someday. There are also several pairs of gloves--some of "opera" length--which are lovely. It just wasn't what I needed in the immediate. But overall, it is a good book at a good price--particularly if you can find one used in "very good" condition.0 of 0 people found the following review helpful. I LOVE THE PICTURES IN THIS BOOKBy Roberta Morse-TuttleI LOVE THE PICTURES IN THIS BOOK.....but find it hard to understand the directions. They are too complicated and need to explain more for beginners to understand.0 of 0 people found the following review helpful. Okay.By Carol S. RosinskiNot sure I'm glamorous enough to wear these mittens and gloves.
