From Brand: SixthSpring Books : Vogue Knitting Stitchionary Volume Four: Crochet: The Ultimate Stitch Dictionary from the Editors of Vogue Knitting Magazine (Vogue Knitting Stitchionary Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vogue Knitting Stitchionary Volume Four: Crochet: The Ultimate Stitch Dictionary from the Editors of Vogue Knitting Magazine (Vogue Knitting Stitchionary Series):

0 of 0 people found the following review helpful. Five StarsBy Pamela J. Cordesa very good book!0 of 0 people found the following review helpful. Five StarsBy SuzyQvery nice book in great condition!16 of 18 people found the following review helpful. somewhat inflatedBy M. PollerWhat crocheters don't need is a coffee table dictionary of stitches which is about as unwieldy as a large unabridged English dictionary. I agree with both the two previous reviewers and I have the old Vogue crochet book which has so much more but does lack the charts which this one has. However it appears that all the stitches come from Vogue knitting magazine patterns which automatically limits the selection and if so, then at least it would have been nice to have a reference to the pattern it appeared in. In this respect this 4th volume is quite similar to the first 3 on knitting stitches. Perhaps crocheters want more for their buck than the knitters did. The format is a page or more for each stitch with very large color photo of that stitch. Instructions given both by word and chart and the stitch key for the chart is right next to the chart. Stitches are grouped into a few categories: basics, geometrics, color, lace, edgings and embellishments/unusual.The book is nicely produced and lies flat for ease in usage but is a bit overlarge for my hp printer so I can make a copy without having to use the book. Recommended for anyone who enjoys purchasing all the stitch dictionaries.

This fourth entry in the best-selling series of *Stitchionaries* from *Vogue Knitting* is just what crocheters asked for! It provides the most comprehensive collection of crochet stitches ever, all culled from the archives of *Vogue Knitting*, the most trusted source for knitting and crochet. There's simply nothing else like it on the market, so it's certain to become the essential reference in every needleworker's library. Divided into sections that focus on basic stitches, geometric designs, edgings, lace, unusual motifs, and embellishments, it includes concise instructions, charts, and gorgeous photographs of more than 200 color patterns. Select from a traditional granny square; a lacy rose window; diagonal and cluster spikes; stripes, checks, and ruffles; and a five-petal flower. Crocheters will dip into this inspirational and attractive volume again and again. A Selection of the Crafters Choice Book Club.
