Anders S. Lunde : Whirligigs: Design and Construction (Chilton Hobby Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Whirligigs: Design and Construction (Chilton Hobby Series):

4 of 4 people found the following review helpful. whirligigsBy Quinlan.A good book,but,could use a little more detail. Following the instructions, I ended having to modify to make my projects work. It is full of ideas. you just need to put them to work.

Traces the history of the whirligig, provides complete plans for making birds, animals, and people, and includes tips

on weather-vanes and mechanical whirligigs
