Great Reference Book for Serious Collectors!By A CustomerThis book is a great reference book for serious collectors of white ironstone pitchers! I've recently started searching for and collecting English white ironstone pitchers, and have found my "treasures from the past" in this book. The book has helped me confirm/verify my "new treasures!" Great pictures, too!!

This illustrated reference traces the history of ironstone manufacture and reveals the story behind these gleaming white earthenware shapes. Along with historical facts about white ironstone, this comprehensive guide includes up-to-date descriptive listings of more than 250 existing patterns with 200 detailed sketches and 100 photos.
