**From DRG : Wiggly Crochet Rugs (Annie's Attic: Crochet)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wiggly Crochet Rugs (Annie's Attic: Crochet):

1 of 1 people found the following review helpful. I love the book but the seller posted way too much ...By Mary NewhallI love the book but the seller posted way too much money for this item. I will be buying more of this product but not from this seller.2 of 2 people found the following review helpful. Creative Technique, Not So Much So The DesignsBy Susan D. LucasI bought this book to learn the wiggly crochet technique. I've seen several really fabulous things using it, so was willing to pay to learn the method. However, the projects in this book simply don't appeal to me at all. The colors and designs are, well, just not very appealing, in my opinion. The technique is clearly described and easy to understand from their directions, so it you just want to learn how it is done, then buy this book and get creative with your own designs.

## 5 Beautiful Designs using the Wiggly Method
