**Blair Stocker : Wise Craft: Turning Thrift Store Finds, Fabric Scraps, and Natural Objects Into Stuff You Love** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wise Craft: Turning Thrift Store Finds, Fabric Scraps, and Natural Objects Into Stuff You Love:

0 of 0 people found the following review helpful. Mostly Home Decor and Party Decorations. By Sheherazahde It was hard to tell what projects were in the book from the previews. They are simple projects that are easy to do. They are divided by season and there are 15 projects per season. The Fall projects are mostly Halloween decorations. 20 of 23 people found the following review helpful. Very disappointed By JD 911 I had big hopes for this book, as I am always on the lookout for books such as this. The projects are not at all challenging or new. Cutting a silhouette out of a piece of leather to use as a coaster? Taking the cover off a hardcover book and using the book as a trivet? Making a clay trinket bowl? These did not meet my expectations. There were only a couple projects that interested me. I hope that if the author writes another book she uses her crafting skills to come up with more creative projects. I look forward to it! 7 of 8 people found the following review helpful. I was greatly disappointed in this book By sharlene I was greatly disappointed in this book. Nothing new when it comes to recycling plus the outcome of the projects were nothing

outstanding I would not make any other projects. Thumbs down to this book a waste of money.

Wise Craft is a guide to the homemade life, turning old things into special new objects that enhance the home. Based on the popular blog of the same name, this guide focuses on creating a homemade atmosphere that reflects your family, without spending a fortune. Instead of throwing away old shirts and boring dishes, or passing up thrift store finds that aren't quite right, author Blair Stocker teaches how to remake, adding special touches to make them work for her home and yours. The book is divided into four seasonal chapters, with designs that reflect different holidays and the changing seasons, allowing you to update your home according to the weather outside. Many projects are portable or perfect to do during a family movie night, making the Wise Craft lifestyle an easy one to attain. Sixty projects include May Day cones and recycled floral mirror frames perfect for a teenager's room plus throw pillow updates, a picnic blanket made from a pile of men's shirts, spooky Halloween dishes, advent calendars, and recycled gift jars. Beautiful photography and illustrations make each project a snap, no matter your crafting background.

A keeper for thrift-store divas and dumpster divers.--Publishers Weekly
