Jillian Sawyer : Witchcraft: Patterns for Craftspeople and Artisans before purchasing it in order to gauge whether or not it would be worth my time, and all praised Witchcraft: Patterns for Craftspeople and Artisans:

0 of 0 people found the following review helpful. One of her more simplistic books By Becky King I have bought Jillian Sawyer's books before and have always enjoyed her artistic talent. This book is amazing and whimsical in its designs, but some of them are almost too simplistic in using them for stained glass. I normally would give 5 stars to her books, but want the buyer to know that many of these patterns can be found online for free and the price for the pattern book is rather steep for the patterns. 0 of 0 people found the following review helpful. The usual talented artwork! Lots of variety! By Lulu The patterns were not all I hoped they would be. However, they are mostly usable for

the textile art they inspire--which is my use for the book.0 of 0 people found the following review helpful. not impressedBy E. KrauseThe patterns in this book do not do the rest of Jillian Sawyer's books justice. The were very childish and the designs overall were just not impressive. I do not suggest this, You could make better patterns on your own.

Witches, wizards, and sorcerers and a companion array of bats, cats, owls, and rats abound in the pages of this compendium of patterns for projects in stained glass. The designs work equally well on a wide range of craftsappliqu, card making, ceramics, embroidery, mosaics, or quilting. Infused with a bit of humor and a touch of cheekiness, the characters are delightfully wicked and sometimes downright garish. Each of the more than 30 designs appears in a full-color page accompanied by a line drawing pattern which may be easily reproduced at a smaller or larger size. A series of verses interspersed throughout the graphics further enhance the characters nature.
