**Gloria Steinem : Wonder Woman : Featuring over Five Decades of Great Covers (Tiny Folio)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wonder Woman : Featuring over Five Decades of Great Covers (Tiny Folio):

0 of 0 people found the following review helpful. Perfect! By Sujit Pal Exactly as advertised. Perfect! 0 of 0 people found the following review helpful. REVEIW OF WONDER WOMAN FEATURING OVER FIVE DECADES OF GREAT COVERS By Karla Mazzola I love this book! Its little, but it is a great companion to WW comic fans!! I saw issues I never was even aware of. I now have made a wish list of WW comics I would love to own. Also seeing all cover art was great!! So not tons of text except for the intro, however the info on the many decades of issues {shown by covers} was fascinating!! I would say to any WW comic fan, its a terrific book!! IMARIE8 of 8 people found the following review helpful. A Handy Guide By Tere I wasn't sure what to expect from this book, but I began to appreciate it when I realized what a handy reference tool it was. Bascially, it shows in full color all the WW comic books covers, from No. 1 until the ones out when the book printed. It's fun to see how WW herself has changed through the decades, from mod in the 60's to muscle queen in the 90's. And for comic book collectors, it's a good guide to go by, since

knowing what each and every cover looks like is a real help!

Since she first appeared in 1941, Wonder Woman's reputation has grown by leaps and bounds. In the notoriously male-dominated field of comic books, her longevity is matched only by Superman and Batman - a testament to her enduring popularity as one of the world's foremost fictional heroines. These 300 spectacular covers - culled from All Star, Sensation, and Wonder Woman - demonstrate why the amazing Amazon from Paradise Island is as popular as ever with both male and female readers.
