**Jimmy DiResta, John Baichtal : Workshop Mastery with Jimmy DiResta: A Guide to Working With Metal, Wood, Plastic, and Leather** before purchasing it in order to gage whether or not it would be worth my time, and all praised Workshop Mastery with Jimmy DiResta: A Guide to Working With Metal, Wood, Plastic, and Leather:

0 of 0 people found the following review helpful. Get this book!By Cathie ZimmermanFirst, Jimmy DiResta. Second, Jimmy DiResta. Lastly, Jimmy DiResta.On a serious note this book is a pleasure to read and an awesome reference. I like Jimmy's philosophy of learning all you can about anything and everything so it becomes apart of your problem solving arsenal in the shop. In this book he shows several techniques and skills, although it is not a step by step or how to book it does give one the sense of "ohhh! I wonder if that would work on (insert idea here)."It's a great book. I have the kids thumb through it as often as I can refer to it!0 of 0 people found the following review helpful. Not a great book if you want to learn about JimmyBy Evan WalkerFeels like a very monetized version of Jimmy DiResta's incredible talents, which is a shame. You're better off watching his channel.0 of 0 people found the following review

helpful. Four Stars By John Gylleck A great companion to his videos. Gives a narrative to his projects

Jimmy DiResta has made a name for himself with his inventiveness and workshop skills, creating dozens of projects for YouTube videos and television shows such as *Hammered* and *Against the Grain* on the DIY network. In *Make: Workshop Mastery With Jimmy DiResta*, Jimmy and co-author John Baichtal teach readers essential workshop skills with over a dozen projects that explore everything from mold-making to CNC routing on to metalsmithing. Projects in this book include: Tool-drawer cabinet A chess set One-sheet metal stool A machete Crowbar-hammer mashup An electric guitar with a carved body Your own sign A leather backpack

**About the Author** Jimmy DiResta is an experienced television personality as an on-camera designer/builder host. Jimmy combines his charisma, his innate ability to solve problems with found objects, and a wide variety of tools and techniques, with sweat and brute force. He has appeared on the Discovery Channel, HGTV, DIY, and FX Networks as a host and co-host.
